

Q1: Have you perceived any consequences after the organizational changes in the last 3 months?

SENTIMENT SCORE

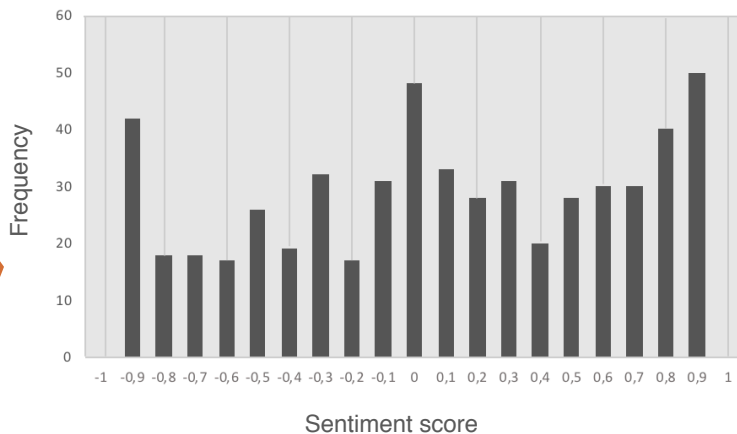

The sentiment score is the result of the average of the answers' score for each question.

Number of answers: 550

SENTIMENT DISTRIBUTION

The graph shows the answers' distribution per sentiment score.

EMOTIONAL MATRIX

The emotional matrix shows the relations between sentiment scores and feelings. The energy and the pleasantness are the variables on the axes, then the percentage of the answers is shown in each quadrant/emotion.
